JOSEPH, Mo., June 1 .- (Special Teegram.)-Today's game between St. Joseph aud Omaha was a pitchers' battle, in which Herman had a shade the better of it, St. Joseph winning by a score of 2 to 1. Six hits were secured off Burrell and Omena made seven off Herman, but Herman was steadier at critical points of the game. Three hits in the sixth gave the Saints their first run and Omaha tied the score in the eighth, Hoy getting a triple and Baer bringing him in with a single. Western League Decides to Stand by the Spaulding After a Long

SIOUX CITY, June 1.—(Special Telegram.)

—After a redbot discussion that lasted until 2 p. m. the Western league sustained the action of President T. J. Hickey in abandoning the Chase ball for the Spaulding because of the alleged low standard of the former. W. P. Chase of Des Moines fought 1403 Farnam street.

was left for the national board to pass upon.

"I shall not in any way undertake to interfere with the league or its games because of this action," said Mr. Chase. "I have received my legal rights however, and I may later bring suit for damages."

All gossip about the removal of the Des Moines team to St. Paul was declared to be mere rot by the league magnates. The league has not yet reached the problem of Sloux City's base ball team. The business men of this city are moving to raise \$2.000 for a down town park if it is certain the team will stay.

This afternoon the Western league magnates took up the question of Sloux City's franchise being transferred to St. Paul. They laughed at the idea of Des Moines team going there. Tomorrow a committee of Sloux City men and members of the league will canvass the city to see if \$2.000 can be secured to build a downtown park if this can be done Sloux City's team will remain here. Otherwise it may go to St. Paul.

Men's Clothing.

We have no reason or any excuse to make as to why we sell clothing cheap.

It has always been the policy of this house to sell good clothing as cheap as good clothing could be sold. That's why we've never a fault to find about the backward or forward seasons.

We have no reason or any excuse as to why we don't change our policy

of selling clothing:

We exclude all rot and unsaleable goods from our lines. Many stores figure that if they sell enough transient trade they can afford to make a good over-stuffed profit because the buyer may be in another state before the setting of the sun. We figure this way-anything worth doing, is worth doing well. We treat all customers just alike, giving the best we can for the least we can The success of a mercantile business is in the question of profit. If goods are constantly sold below cost, failure is bound to come. If prices are marked up beyond reason, the same trouble will exist

Nebraska clothing is good clothiny, Nebraska prices are as low on good clothing as can be made.

Our line of men's suits at \$10, \$11, \$12, \$13.50, \$15, \$16.50 and \$17 are just as good in quality, construction, and style, as Mr. Merchant Tailor gives you, and the price one half.
